Endourology Invitation: Updates in Ureteral Stents Symposium

Friday, April 26th, 2024 (18:30 – 22:00)

You are cordially invited to an educational symposium bringing together leading key opinion leaders in the field of urology – presenting their insights on improving the quality of life of stented patients, overcoming stent-related symptoms, and increasing efficiencies for urologists. Topics will include clinical data and the use of novel ureteral stents, scientific data of thulium fibre laser (TFL) ablation and case studies surrounding ureteroscopy and the use of these technologies.

18:30 - 18:40	Welcome & Introduction
18:40 - 19:00	Introduction to use of stents post procedure & type selection
19:00 - 19:45	JJ stent related symptoms & how to solve them
19:45- 20:00	Break
20:00 - 20:20	Future developments in JJ stenting with advancements of laser technology (TFL)
20:20 - 20:50	Case presentations
20:50– 21:00	Q&A
